

Northwest Earth and Space Sciences Pipeline

Summer Camp

Mission Earth Scout One

Meet scientists,
visit labs and
become a
scientist!

REGISTER TODAY

2016 Summer Camp Dates

Sessions run Mon-Fri, 10am-2pm

August 1- 26, 2016

.....
Deadline to register:
June 3, 2016
(through website)
.....

There will be a \$5 fee for snacks
(no lunch provided)

Participants will have fun learning about climate change while gaining valuable STEM skills such as problem-solving, creativity and collaboration. The camps will also give the students an opportunity to innovate, work with actual scientists in a variety of fields, and learn how they can make a change in the world.

.....
Participants must be entering either grade 9 or 10 in Fall 2016, and preferably bilingual (English & Spanish). To apply, the camper or parent should download, print out and complete the NESSP STEM Summer Camp
